

THE FUTURE IN POTHOLE REPAIR IS NOW

WARRANTY

MEGAPATCH

MegaPatch© LLC, manufacturer of a polymer based environmentally safe composit used for the repair of normal size potholes, guarantees the material for a period of **five years (5 years)**, against water intrusion, U.V. degradation, oxidation, or separation from the road base, from the date it was applied. This warranty does not cover acts of God, Base Failure or uses other than what the product is designed for. In the event that the material fails due to the above warranty claims, the manufacturer will furnish new material at no cost to the user.
